

David Hirth Insurance

David Hirth Insurance Agency would recommend Nuvera to anyone considering a new phone system.

David Hirth Insurance Agency's Challenge

David Hirth Insurance is an independent agency in New Ulm, Minnesota. They needed a well-functioning phone system to better serve their current and prospective customers. Their existing phone system needed to be updated as the call clarity didn't meet today's phone standards, and they were looking for a system that was easy-to-use and gave them additional calling features.

"Our service with Nuvera has been excellent, and the transition from our old system has been seamless. I would highly recommend Nuvera to anyone considering a new or replacement phone system."

– David Hirth, Agency Owner

Why They Chose Nuvera

David Hirth Insurance Agency looked at a number of different carriers in their search for a phone system that could meet their demands. They searched both locally and with metro companies for traditional phone and VoIP options. They chose Nuvera, as they are a local company who has always done a great job in the past and could be trusted to provide that same service in the future. David Hirth wanted a company that would provide exceptional customer service and IT knowledge, while also offering a competitive monthly rate. Nuvera was able to check each of these boxes with their expertise and state-of-the-art FlexVoice phone system, powered by Broadworks.
